Exceptional Experience. Exceptional Results.

Group 3 PWC Diagnosis Reference * List

** A listed diagnosis by itself does not automatically qualify the patient for a Group 3 PWC. This Reference Guide lists common neurological conditions, myopathies and congenital skeletal deformities. This is not an all-inclusive list and additional diagnoses may qualify the patient for a Group 3 PWC.*

ALPHA LIST

NARRATIVE
Acute and Subacute Hemorrhagic Leukoencephalitis [Hurst]
Acute Disseminated Demyelination
Acute Infarction of Spinal Cord
